Attractions Ontario’s Are We There Yet? Field Trip Planner was developed in consultation with the Student Youth Travel Association, Ontario Motor Coach Association, tour operators focusing on the student travel market, retired teachers, and School Board representatives. This province-wide publication is designed to present quality, curriculum-based educational programs to teachers and youth group leaders across Ontario.

African Lion Safari

‘GO WILD!’ WITH KNOWLEDGE!!

African Lion Safari offers a unique environment in which children can learn about endangered and threatened species and the importance of wildlife conservation.

At African Lion Safari students can get closer than they ever imagined to many exotic birds and animals and are able to develop a better understanding of how these majestic animals are an integral part of our world.

African Lion Safari offers educational guided tours aboard the Safari Tour Bus (additional cost). Interactive and informative Bird and Animal Presentations, Boat Tour, Train Tour and Discovery Centre.

African Lion Safari provides teachers with an Educational Kit that includes lesson plan ideas and grade relevant work booklets.

Bata Shoe Museum

Why study shoes? Although feet are the same around the world, what people choose to wear on their feet is incredibly diverse. It is in this diversity that some of the most interesting aspects of culture are revealed. A field trip to the Bata Shoe Museum can enrich learning in almost any subject area. We offer a variety of programs for grades JK-12 with links to many strands within the Ontario Curriculum. Extend your visit with a 30 minute clog-painting workshop.

Guided Programs: $6/student  
Self-guided Visits: $5/student  
Complimentary admission: accompanying teachers, education staff, attendants, first 5 parents/guardians per class.

Distillery District Tours

FASCINATING HISTORY, INCREDIBLE ARCHITECTURE AND EDUCATIONAL EXPLORATION IN TORONTO’S DISTILLERY DISTRICT

With one of the largest collections of Victorian Industrial Architecture in North America, the Distillery District is the perfect destination for your class! Your students will get a chance to learn everything from the site’s history to prohibition, explosions, architecture, movies filmed onsite, and more!

Ask us about combining the Distillery District tour with a tour of Old Town Toronto and the St. Lawrence Market and experience all the sights and sounds this area has to offer. We also offer Segway PT workshops, themed tours, quiz options, and operate year-round.

Canada’s Wonderland

PHYSICS, SCIENCE AND MATH

Put STEM programming into action and give your students a lesson they’ll never forget! Designed by Vanessa Moniz (B.Ed., B.A.) and Brent Wettlaufer (B.Sc., Physics) - our hands-on programs meet current Ontario teaching curriculum standards and can be assigned for completion before, during and after their visit to the park. Teachers are provided a link to download the workbooks and activities once they book their trip. These can be edited to suit the needs of the class and the teacher’s preferences. The launch of our program begins with the WonderCoaster Building contest and often, a special ride seminar.

Canada’s Wonderland

FESTIVAL OF MUSIC

School bands and choirs can showcase their talent in one of our four venues in front of a professional musician who will adjudicate their performance! Comments will be recorded onto CD throughout the performance, for the group to review once the performance is over. An appreciation plaque will also be provided to display in the music room. After their performance, the group may spend the rest of the day in the park. We allow a 30 minute performance per group, however, schools may book multiple groups.

We are a proud member of the Ontario Music Educators Association!

Arts Adventures, The Rose’s Education series, provides opportunities for students to experience live performance that captivates, inspires, educates, and entertains.

Before humans could read or write, they could draw, sing, dance, and act. Inherently part of how we have evolved, the arts have always been an integral part of communication and education; a way to share histories, illustrate ideas, and establish collective understanding as a larger community.

Educational and entertaining, all of the shows have curriculum connections and most come with Study Guides full of resources and activities you can use before and after the show.

Explore ideas and conversations in a way that engages your students’ senses with Arts Adventures at The Rose!

Adventure is your classroom at Scenic Caves! Connect to the living world around you! Explore a self-guided tour of caves, caverns and crevasses. Study the geological features carved millions of years ago by glacial ice. Examine the rare flora, fauna and undergrowth. Discover the mysterious sacred places of the First Nation’s Huron Petun tribe. Venture over a 420 ft. Suspension Bridge and view the spectacular 10,000 sq. km. geography of the area. Sift through semi-precious gemstones using a panning tray with a screen bottom at the man-made water tower. Observe physics while soaring down the half-mile Thunderbird Twin Zip Line (height/age/weight restrictions apply).

Our outdoor educational offerings are experiential and stimulate imaginations at any level. For Grades 4 – 8, we offer complimentary educational materials which have been written for teachers by teachers, and meet the expectations outlined in the Ontario Curriculum for Science. Each unit includes lesson plans, ‘fun facts’ and work sheets.

ECO ADVENTURE TOUR

WALK WITH THE SQUIRRELS AND FLY WITH THE BIRDS!
Guided by professional interpreters, the Eco Tour promises exercise, adventure and education. Venture across southern Ontario’s longest 420 ft. Suspension Bridge, and view the panoramic geography of Georgian Bay and countryside from the highest point of the Niagara Escarpment. Treetop walk along gently swaying 10” wide airborne walkways, over six hundred meters linking eighteen trees. At heights of up to sixty meters above the forest floor, learn about the plant and animal ecosystems particular to this UNESCO designated biosphere reserve. Glide a 300 ft. forest zip line down to the caves & caverns to discover secret hiding places and hear about the legends of the First Nation’s Petun tribe. The grand finale is a 1000 ft. escarpment zip ride where you drop a dizzying forty-eight meters from cliff top to earth.

Our goal is to inspire environmental stewardship and team-work by connecting young people with their natural environment.

SheepDog Animation

ANIMATION WORKSHOP

A One-of-the-kind experience for students grade 6-12 with hands on learning.

After first arriving to the studio, students will be introduced and given a tour through our history of animation gallery. We will take students back to the mid 1800’s to view technology and items that have significantly influenced and formed the animation and entertainment industry. After the tour, we will introduce students to stop motion animation through prepared excises and post-production. Students will gain enough knowledge from this period to be able to create their own short animated film that will be screened in our studio theatre at the end of the day.
