A Doll's House & Robin Hood

Inspire your students with learning through live performance.

This year, expand your curriculum to the stage with a modern take on Ibsen's classic A Doll's House. Analyze the history, literature, and social implications of this groundbreaking play. Study guides and talkbacks with the artists are available to classes who attend A Doll's House.

This holiday season, kids and grown-ups alike are invited to abandon the rules of a stuffy theatrical experience. At Robin Hood, you can laugh out loud, sing along to pop hits you know & love, boo the bad guys, and help out the heroes!

"At Queens Grove School in Etobicoke, Toronto, we believe in creating enriching experiences that combine fun with learning. Our recent field trip to GlowZone 360 was a perfect example of this philosophy in action. Students had a blast engaging in various activities, from exciting arcade games to high-tech laser tag. This adventure wasn't just about entertainment; it was an opportunity for our students to develop essential skills. The laser games challenged them to think strategically and work cohesively as a team. These experiences are invaluable in fostering cooperation, critical thinking, and leadership abilities." - Queens Grove School

DIVERSITY IN HOCKEY PROGRAM

EDUCATE, EMPOWER, ENCOURAGE

The Hockey Hall of Fame Diversity in Hockey Program utilizes these four **Principles of Diversity** – **allyship, embracing change, equity, and respect** – to teach and empower youth from a sports and social perspective.

Presented by the Hockey Hall of Fame's lead on diversity, Kevin Yearwood, sessions will spotlight the stories of ground-breakers, today's leaders, and issues challenging inclusiveness in hockey. Each presentation is tailorable to your region, demographic and/or requested focus and is augmented through captivating photographs, videos, artifacts and first-person accounts.

Combining the past with present-day headlines will provide an ideal platform for today's youth to examine, understand and champion diversity.

BREAKING DOWN BARRIERS

BUILDING ALLIANCES

CURRICULUM FOCI:

Ethnicity in Hockey focuses on the plight of visible minorities as well as newer immigrant cultures.

Marginalized People in Top Levels of Pro Hockey looks at pioneers who opened doors and paved the way for hockey players of different ethnicity, gender or sexual orientation.

Women in Hockey pays tribute to the players and teams who helped popularize the female game.

Accessible Hockey delves into the variations of hockey played by those with physical disabilities, including hearing impaired hockey associations and electric wheelchair hockey.

Little Canada

Little Canada for Schools

Little Canada is an amazing place for people of all ages to learn about Canada. Since 2011 we have been building Canada in miniature and are currently building the balance for the next few years. The Miniature Canadian landscape is complete with hundreds of moving parts, all built on site by our artists and engineers. Guests can experience our completed miniature Destinations, as well as see how we are using science, technology, engineering and art to continue building the rest of Canada. Guests may also interact with many of our artists, engineers, and destination experts during their visit.

DINNER & TOURNAMENT

Historical & Educational Performances

Imagine a history lesson presented by a Queen and Her Noble Court, set within the walls of an 11th century castle. Students journey back to the middle ages and witness spectacular horsemanship, amazing swordplay, medieval games of skill and an authentic jousting tournament between six brave knights of the realm. As the tournament unfolds, the castle's serfs and wenches serve your students a feast fit for a Queen! The historical matinee program includes a 30 minute seminar, bird of prey demonstration and meet & greet with the cast after the show.

Enhance your students' classroom curriculum with a memorable and interactive experience for students of all ages. SHSM programming and evening performances also available.

FEAST ON: A CERTIFIED TASTE OF ONTARIO

Top Left: Puddicombe House offers locally-sourced eats from their boutique inn + spa in New Hamburg, built in 1868.

Top Right: Rampant Kitchen delivers chef-driven experiences with a focus on local in Kingston + Frontenac.

Right: You'll find the story of Niagara on your plate at Terroir Restaurant + Wine Bar in Niagara-on-the-Lake

Bottom: Your fav dishes from around the globe made with local ingredients await at the Smokin' Buddha.

The Feast On® program is your gateway to discover the best of Ontario's food scene. This province-wide certification invites guests to truly dine under the ethos of "locally-sourced" by auditing restaurants, craft beverage producers, markets and more on their spend of Ontario grown and raised ingredients. That commitment to local means you can expect to taste the best that Ontario farmers have to offer this fall when you visit a Feast On® certified business.

CERTIFIED RECOMMENDATIONS

- Cook with soul at AfroGourmet in Thunder Bay
- Indulge in baked bliss at Aura-La Pastries in Kitchener
- Sip barrel-aged, farmhouse ales at Barrel Heart Brewing in Dundas
- Discover a world of cheese at The Cheese Gallery in Thornbury
- Savour the north at Dida's in Eirleton
- Enjoy eats + beats at Drom Taberna in Toronto
- Taste farm-fresh dairy at Eby Manor in Waterloo

Feast On® is more than a stamp of approval; it's a commitment to supporting the local economy, reducing carbon footprints, and ensuring that the freshest, most delectable ingredients make their way from the farm to your fork. This program celebrates businesses that pride themselves on their partnerships with local growers and producers and crafting it into a dining experience that reflects the rich tapestry of Ontario's culinary landscape.

EXPERIENCE TASTE OF PLACE

Authentic, off-the-beaten-path experiences are an incredible way to immerse yourself in Ontario's impressive culinary scene, and several Feast On® certified businesses offer just that.

Travellers can savour a meal cooked over an open fire in the woods, picnic with alpacas or embark on a guided adventure through some of Ontario's tastiest regions.

Look for the Feast On® logo for a guaranteed taste of Ontario!

Fort Malden National Historic Site

Fort Life in Pioneer Times & The War of 1812

Fort Life in Pioneer Times: Duration: 1.5 hours, offered in May and June
Students will have the opportunity to learn about the soldiers and their families who lived in the 1820 brick barracks. They will also prepare a biscuit on an open hearth and finish the experience with a musket firing demonstration.

Fort Malden in the War of 1812: 1.5 hours, offered year-round
Students are led by a historical interpreter throughout the site, learning about the causes of the war and the lifestyles of the people who lived at Fort Malden. Program includes a hands-on activity, 'mini militia', in which the students dress in youth-sized redcoats and learn soldier's drill. The experience ends with a musket firing demonstration.

Life Systems Series & Intro to Orienteering

Developed by Ontario Certified Teachers, our programs inspire wonder and engage learning, while meeting curriculum standards. The Life Systems Series (K-8) - 8 individual outdoor, nature-based programs—focuses on the interconnection between living and non-living things, and the relationship between humans and the environment. Our history programming (Gr. 9-12) links students to concepts of historical thinking through interactive experiences, such as cataloging artifacts. Our orienteering program (Gr. 7-12) teaches the basics of navigation through activities that test the mind and body. Programs come with supplementary activities and achievement charts for teachers to assess learning upon return to the classroom.

John R. Park Homestead Conservation Area

Step back in time to experience Early Settler life while getting hands-on with history at the John R. Park Homestead. This authentic living history farm museum provides connections to human and natural history! Situated on the shore of Lake Erie, the 19 acre site features a Provincially Significant Wetland, nature trails, new Conservation Centre, and more!

The original 1842 Park Family house and farm buildings provide an immersive backdrop for your experience. Students can become immersed in the trades in the sawmill, blacksmith shop, and loom shed. Make traditional treats on the hearth and take part in seasonal celebrations including harvest and maple-making experiences. Ask about opportunities for upper-level science, SHSM courses and extension activities for teachers.

Inspire your students to be a part of history and make memories to last a lifetime!

Inflation Busters

Students will see first-hand how difficult it is to plan when inflation rises. As goods become more expensive, students will look for ways to afford what they need. A great game to build financial skills while learning about the Bank's critical role in keeping inflation low and stable.

Diefenbunker: Canada's Cold War Museum

Immersive Canadian History Programs

Immerse your students in Canadian history, 75 feet underground.

The Diefenbunker offers a one-of-a-kind experiential learning environment inside Canada's most significant Cold War artifact — an impressive four-storey underground facility that operated as the country's central communications headquarters during the Cold War. Combining an informative tour with interactive activities and discussion, classes and youth groups can experience the complexities of the Cold War first-hand and discuss the implications on our lives today.

Educational programs are offered on site and virtually. Topics include: Art and Peacebuilding; Conflict Resolution; Continuity of Government; Daily Life in the Diefenbunker; and Emergency Preparedness.

Discovery Harbour

Educational Programming

Take your students back to the 19th century, on the actual site where British warships docked, sailors and soldiers toiled, and settlers carved an existence out of the wilderness. Students of all ages love spending the day reliving history, and learning was never easier. Education programs at Discovery Harbour meet the requirements of the 2023 Ontario Curriculum for History and Geography (Grades 7 and 8) and Social Studies (Grades 3 and 6), by using the inquiry process to explore life in Canada in the first half of the nineteenth century.
