Ontario's Field Trip
Planner for Educators

Attractions Ontario's Field Trip Planner for Educators was developed in consultation with the Student Youth Travel Association, Ontario Motor Coach Association, tour operators focusing on the student travel market, retired teachers, and School Board representatives. This province-wide publication is designed to present quality, curriculum-based educational programs to teachers and youth group leaders across Ontario.

Cabaret & Cinderella

Inspire your students with learning through live performance.

This year, expand your curriculum to the stage with a brand-new production of the world-renowned musical *Cabaret*. Analyze the history, social implications, and beloved score of this iconic musical set in World War II. Study guides and talkbacks with the artists are available to classes who attend *Cabaret*.

This holiday season, kids and grown-ups alike are invited to abandon the rules of a stuffy theatrical experience. At *Cinderella*, you can laugh out loud, sing along to pop hits you know & love, boo the bad guys, and help out the heroes, all while enjoying the classic fairytale.

See you at the theatre!

"At Queens Grove School in Etobicoke, Toronto, we believe in creating enriching experiences that combine fun with learning. Our recent field trip to GlowZone 360 was a perfect example of this philosophy in action. Students had a blast engaging in various activities, from exciting arcade games to high-tech laser tag. This adventure wasn't just about entertainment; it was an opportunity for our students to develop essential skills. The laser games challenged them to think strategically and work cohesively as a team. These experiences are invaluable in fostering cooperation, critical thinking, and leadership abilities." - Queens Grove School

DIVERSITY IN HOCKEY PROGRAM

REDEFINING SPORT

The Hockey Hall of Fame Diversity in Hockey Program utilizes these four Principles of Diversity - allyship, embracing change, equity, and respect - to teach and empower youth from a sports and social perspective.

Presented by the Hockey Hall of Fame's lead on diversity, Kevin Yearwood, session will spotlight the stories of ground-breakers, today's leaders, and issues challenging inclusiveness in hockey. Each presentation is tailorable to your region, demographic and/or requested focus and is augmented through captivating photographs, videos, artifacts and first-person accounts.

Live 40-minute virtual presentations and on-site field trip sessions are available at Elementary, Intermediate, and Senior levels.

BREAKING DOWN BARRIERS

BUILDING ALLIANCES

CREATING LEADERS

CURRICULUM FOCI:

Ethnicity in Hockey focuses on the plight of visible minorities as well as newer immigrant cultures.

Marginalized People in Top Levels of Pro Hockey looks at pioneers who opened doors and paved the way for hockey players of different ethnicity, gender or sexual orientation.

Women in Hockey pays tribute to the players and teams who helped popularize the female game.

Accessible Hockey delves into the variations of hockey played by those with physical disabilities, including hearing impaired hockey associations and electric wheelchair hockey.

At-Gallery Programs

In 2026-2027, the RMG's gallery programs feature artworks found in our permanent collection exhibition, *Everyday Matters*. Students spend one hour in exhibitions with educator led discussions and gallery interactives and create responsive artworks in the RMG's studio space for one hour.

Our programs strive to activate new perspectives, ideas and connections inspired by the Ontario Curriculum. We use fine art materials and encourage experimentation; process over final product is key. We hope to empower student's sense of self, build self-confidence, and engage creativity as they interpret the world around them.

Walk T.O.

Fieldwork on Foot

Every corner of this city is somebody's decision. Ask a class whose, and the sidewalk stops being scenery: they count benches, read what a sign leaves out, work out who the fence is meant to keep out. Each group leaves with a position, and reasons. Eight two-hour facilitated walking tours in Toronto cover geography, public art, social justice, media, waterfront ecology and city building, tied to Ontario curriculum expectations. Teachers receive a pre-trip classroom package. Toronto Decoded is a full day with a higher facilitator ratio. Grades 4 to 12, English and French. If cost is a barrier, reach out.

Fort Malden National Historic Site

Fort Life in Pioneer Times & The War of 1812

Fort Life in Pioneer Times: Duration: 1.5 hours, offered in May and June
Students will have the opportunity to learn about the soldiers and their families who lived in the 1820 brick barracks. They will also prepare a biscuit on an open hearth and finish the experience with a musket firing demonstration.

Fort Malden in the War of 1812: 1.5 hours, offered year-round
Students are led by a historical interpreter throughout the site, learning about the causes of the war and the lifestyles of the people who lived at Fort Malden. Program includes a hands-on activity, 'mini militia', in which the students dress in youth-sized redcoats and learn soldier's drill. The experience ends with a musket firing demonstration.

Life Systems Series & Intro to Orienteering

Developed by Ontario Certified Teachers, our programs inspire wonder and engage learning, while meeting curriculum standards. The Life Systems Series (K-8) - 8 individual outdoor, nature-based programs—focuses on the interconnection between living and non-living things, and the relationship between humans and the environment. Our history programming (Gr. 9-12) links students to concepts of historical thinking through interactive experiences, such as cataloging artifacts. Our orienteering program (Gr. 7-12) teaches the basics of navigation through activities that test the mind and body. Programs come with supplementary activities and achievement charts for teachers to assess learning upon return to the classroom.

Diefenbunker: Canada's Cold War Museum

Immersive Canadian History Programs

Immerse your students in Canadian history, 75 feet underground.

The Diefenbunker offers a one-of-a-kind experiential learning environment inside Canada's most significant Cold War artifact — an impressive four-storey underground facility that operated as the country's central communications headquarters during the Cold War. Combining an informative tour with interactive activities and discussion, youth can experience the complexities of the Cold War first-hand and discuss the implications on our lives today.

Educational programs are offered on site and virtually, and in English or French. Topics include: Art and Peacebuilding; Conflict Resolution; Continuity of Government; Daily Life in the Diefenbunker; and Emergency Preparedness.

The Canadian Canoe Museum

JIIMAAN KINOMAAGEWIN
THE CANADIAN CANOE MUSEUM
LE MUSÉE CANADIEN DU CANOT

Plan a field trip that connects students with land and water through the stories and traditions of the canoe at The Canadian Canoe Museum.

Students in JK–Grade 12 learn by doing as they explore watercraft and their stories in the world's largest collection of paddled watercraft.

Curriculum-connected programs offer opportunities to follow journeys and trade routes, learn about Indigenous and settler histories, express ideas through art and build outdoor skills.

A visit can include the Exhibition Hall and activities across the Lakefront Campus, with optional paddling experiences from May–October.

Virtual visits, overnights, and camping trips are available.

Sainte-Marie among the Hurons

Educational Programming

This nationally significant historic attraction has been offering students curriculum-rich, hands-on learning experiences for more than 50 years. Designed to support Ontario curriculum expectations, programs help students actively explore history through inquiry, observation, and participation. Immersive activities and guided tours bring the past to life while encouraging critical thinking about people, places, and ideas. Students learn about the lifestyle and technologies of the Wendat, the First Nation that lived near Georgian Bay and explore the story of the Jesuit Fathers who worked to establish a self-sufficient mission headquarters in Wendake. Programs create connections to social studies, history, and Indigenous learning. Also available as an online, interactive session.

Discovery Harbour

Educational Programming

Discovery Harbour offers immersive education programs that bring 19th-century Canada to life and the significant connections to the Indigenous and Métis peoples of Upper Canada. Students explore the daily lives of sailors, soldiers and settlers, while learning about Canada during the years following the War of 1812 through hands-on, inquiry-based activities. The visit includes the preserved hull of the original H.M.S. *Tecumseth*, showcased in the indoor museum. Teachers can choose from a range of interactive experiences to customize their program and support classroom goals. Programs provide a memorable, curriculum-connected learning experience that engages students of all ages beyond the classroom. Also available as an online, interactive program.
